COVER PRESENTATION

## OVERVIEW

*Hello Sharon!*

Thank you for writing *Belonging*, a much needed book in our culture today—the power of telling our story and belonging to one another.

Our design team and I enjoyed brainstorming ideas and finessing concepts for your book. The beautiful book covers you provided definitely inspired us. We hope you enjoy the direction we took your cover design, and we're excited to see what God does with this new book, *Belonging*.

*Sincerely,*

## DESIGN SOLUTION

### RATIONALE

- We were inspired by the handmade title of the book *I Was Here* and the composition of *Daring Greatly* that you included on your author input form.
- We went with a lowercase title treatment to reflect the humility that is found in belonging. The handdrawn type has a slight texture, making the overall tone of the cover warm and inviting.
- Overall, the warm color palette, the unique yet authoritative title treatment, and the cover design as a whole will appeal to both men and women alike.

PLEASE NOTE: The cover is shown smaller than actual size and may include low-resolution imagery, which will be fixed upon approval. Also, this rationale is for planning purposes only, and no art reproduction rights have been purchased at this time. Therefore, no portion of this form can be reproduced in any form or media without infringing on copyright law.
